

noxvera List Submission Requirements

Version: v1.1 (16 October 2025)

1. General

- 1.1) Maps near the bottom of the list do not need any video proof due to how easy they are. Anything below “dislike this level” (ID: 60773051) meets this criteria.
- 1.2) Using any skips or secret ways is allowed.
- 1.3) Records set before the current submission requirements were implemented are exempt from any new rules (see version date).
- 1.4) If something is not listed here, do not assume it is allowed. You can DM me on Discord if you are unsure of something.

2. Gameplay

- 2.1) Record must be achieved without using hacks. The game should behave the same as Vanilla. (CBF is allowed)
- 2.2) Record must be achieved on the latest game version.
- 2.3) You cannot modify the map and must play the version listed on the website.
- 2.4) If using a mod menu, a cheat indicator must be visible on the endscreen.
- 2.5) If using a mod menu, a FPS counter must be used.
- 2.6) If using a mod menu, a CPS counter must be used.
- 2.7) Using smooth fix to speedhack is not allowed.

3. Video

- 3.1) The recording must be permanently available and viewable.
- 3.2) The recording must include audible clicks.
- 3.3) Unless completed on the first attempt, the recording must show the entire previous attempt death animation.
- 3.4) The recording must show the entire run.
- 3.5) The recording must show the entire ending/death animation sequence.

These rules are general guidelines and should not be treated as absolute. They are subject to change at any time.
